PROFESSIONAL EXPERIENCE

BT GROUP | Jul 2023 – Present

QA Lead | QA Engineering Specialist

- Progressed through three roles within BT Group based on technical **leadership** and **delivery** impact.
- Led quality engineering initiatives across Broadband and SIM acquisition journeys.
- Managed QA delivery across multiple squads comprising **50+** engineers.
- Defined quality strategy, automation roadmap, release governance, and quality standards.
- Reduced defect leakage from **30%** to **5%** through **RCA**-driven improvements and **AI**-assisted quality analysis.
- Introduced **Playwright**-based **in-sprint automation** improving regression coverage.
- Drove adoption of **Copilot**, **AmazonQ/KIRO**, **MCP**, and **Agentic AI** workflows.
- Mentored QA Leads, SDETs, and Automation Engineers.

AIRTEL DIGITAL | Principal Software Engineer | May 2021 – Jun 2023

- Designed and implemented automation frameworks for Web, Mobile, API, and Backend platforms.
- Developed **Kafka**-based analytics validation solutions.
- Built Python **automation** solutions for DTH **crash** and **ANR** detection.
- Integrated automation suites into **CI/CD** pipelines using Jenkins.
- Led automation initiatives across multiple product squads.

ORACLE | Senior Software Engineer | Aug 2020 – May 2021

- Owned automation delivery across Oracle Data Cloud initiatives.
- Developed **Selenium**, **Appium**, and API automation solutions.
- Built and maintained regression and payload validation frameworks.

PROKARMA | Senior Software Engineer | Dec 2018 – Aug 2020

- Developed in-sprint automation using Selenium, Appium, and Rest Assured.
- Built regression and payload validation suites integrated with Jenkins.

IMIMOBILE | Test Engineer | Mar 2016 – Nov 2018

- Delivered API, Integration, Regression, UAT, and System Testing.
- Introduced API automation practices using Rest Assured.
